Guitar

- CONVERSATION PIECES (easy guitar solos) <Publisher: MEL BAY [MB98453BCD (includes CD)], 2003>
This book is a collection of short, easytolearn guitar solos that sound impressive even when played by the beginning guitar student. The classical/folk style of these works gives the performer something that is fun and exciting to learn, and the listener something that is pleasant to the ear. The works are arranged in order of musical complexity, the last being the most difficult. Transcribed in notation and tablature. Contents: Small Caprice, Clouds, The Dancing Lute, Study, Player's Dance, Carousel, Doloroso, Randy James, Wysteria, Edifice in A, Serenade for Guitar.

LONG Robert

USA / Guitarist and composer. /

Guitar

- ESSENTIAL STANDARDS Volume 1: Roots <Publisher: M PUB>
  Accompaniment studies in a traditional style that take you through the standards you must know. Volume 1 gives you two versions each of studies based on Cherokee, Back Home in Indiana, and 'Oh! Lady Be Good' - one fast, one slow!Also included is a fast study based on 'How High the Moon'
- FIVE BRAZILIAN VISIONS (The Seacoast Drive, Bossa with Ascending Thirds, Mountain River, Majestic World, The Nights Get So Cool Here) <Publisher: M PUB>
- KINGDOM OF THE BLUES Volume I: Dominant Seventh Blues <Publisher: M PUB>
  It contains examples in all keys as well as plenty of single line solo ideas. As always, accompaniment ideas that are fun to play and useful on the bandstand. Titles are: Home Fries, You Grown Now, Diamond Bridge #2, Crevasse, Im Telling You Right Now, Heavy Load, Headin, Back to Georgia, Accompaniment Study, Blues in F, Fragment, Walking Time Study, Time to Leave This Town
- KINGDOM OF THE BLUES Volume II: Derivative Forms <Publisher: M PUB>
  Volume II continues the exploration of the blues begun in Volume I, but covers non-dominant seventh and derivative forms. Contains two straight ahead super clean accompaniment studies with walking bass lines, first a minor blues in the darker, aeolian style, then a Charlie Parker style II-V blues. Also, a gospel work, and a Wes Montgomery dorian minor blues style piece. For the adventurous, two contemporary blues waltzes
